

# Young healthwatch

## Bradford and District

Help  
make  
health  
and care  
services  
better for  
your future

Are you aged **16-24**?

Are you a passionate **voice** for your community, **campaigner** for change, **social media expert**, video guru or just love **talking to others** and making connections? Volunteer with us and:

- develop skills and experience that look great on CVs and applications
- shine a light on the issues that matter to you and your community
- learn about health and social care and change things for the better
